

Fröhliche Weihnachten, Bernd.

The card front shows me (on right) and my good friend Hadyn enjoying our holiday in Benalmadina this September.

The TravelScoot has given us both a new lease of life and our wives have never been fitter!

As a retired mechanical design engineer and a design and technology secondary school teacher my opinion is that the TravelScoot is a perfect mix of materials, versatility, ergonomics and function. My compliments to Hartmund Huber!

Thanks again for your exemplary service over the past year and I wish you all the very best for 2018.  
Best Wishes, Mike Smith (CUSTOMER)
